A resident expressed concern at the amount of reeds/weeds in Catchwater Drain, ahead of autumn. Branches of trees and bushes are also overhanging. The clerk will inform the Environment Agency.

A resident reported that 5 dogs are living at the extra caravan on the airfield. They are tethered and living outdoors, in all weathers. Several residents have reported the situation to the RSPCA and the Dog Warden. The Airfield is technically not in the parish of Stickford but we continue to monitor what is happening as it affects the residents of Stickford.

**Continued on page 2....**

The stile along the footpath that joins Church Road and Back Lane has been reported as broken and dangerous on Fix My Street by several residents. The chairman has closed it off using tape to stop people using it.

A resident requested that notice of road closures be put on to the Stickford Parish website. The clerk will put on all that are still applicable and any more that come through. They are being put onto the Noticeboard.

A resident reported that the ramps being used and stored by a disabled resident by the foot bridge at the end of the Cul de Sac have been moved by an unknown person into rough grass so not easily accessible for the disabled resident that uses them. What can be done to avoid a health & safety issue? It has been discussed before, Environment Agency own the land and Highways own the wooden bridge but Cllr Hume will look into the possibility of improving the disabled access in this area.
